

# Sample Parent Release

Dear Parent:

As a National Board Certified Teacher, I have been selected to participate in *The Digital Edge: Accomplished Teaching with Technology* Project. The project is an initiative of the National Board for Professional Teaching Standards (NBPTS) and the International Society for Technology in Education (ISTE) and is supported by Apple Computer and the AT&T Foundation.

The key objective is to enlist accomplished teachers in recording and editing exemplary teaching practices. The end result will be the creation of an Internet based "digital library" of videos, lesson plans and student work samples to be used in illustrating to the education community effective practice in the classroom. The targeted audience will be teachers.

Since the project will result in video segments of me with students and the publishing of student developed projects, it is required that I only use students whose parents/legal guardians have consented in writing to have their students participate. To protect their privacy, neither the video or web materials will include reference to their last name, home address, or phone number. Additionally, we will not publish the name of the child on any products created. Please sign below if you wish to give me permission to include your child in this project.

With my signature below, I give permission for my child to have his/her likeness displayed online in the form of video or still images and possibly, examples of learning materials produced by my child. I hereby release the \_\_\_\_\_(teacher) and \_\_\_\_\_(district) from any and all liability and legal or equitable claims of any kind related to such work being published on the Web. I understand that my child will be identified in video by first name only.

Student's Name Printed \_\_\_\_\_

Campus \_\_\_\_\_

Parent/guardian Name Printed \_\_\_\_\_

Signature \_\_\_\_\_
